

Donaldson Delivers
Filtration Solutions
for Construction

Heavy-duty filters for
heavy-duty equipment

Donaldson delivers the most comprehensive line of filtration solutions for construction fleets.

Downtime means lost revenue. To keep your equipment in service you need **filters** that deliver superior performance – and a **reliable supplier** that offers complete coverage for your entire fleet.

With Donaldson protection, your engines and equipment will operate longer between filter replacements, saving on costly downtime and repairs. And adding a Donaldson filtration system to your bulk fuel and lube storage will provide even more protection for your equipment and maximize uptime.

Donaldson Delivers.

Innovative filtration solutions for engines, equipment and the people who use them.

- **Industry-Leading Technology** – uncompromising product quality
- **OE Grade** – Donaldson is the first-fit choice of equipment manufacturers around the world
- **Broad Product Coverage** – air, lube, fuel, coolant and hydraulic filters and systems, plus exhaust, accessories and more
- **Consistent Product Availability** – the filters you need, when you need them
- **Comprehensive Customer Service** – experienced and knowledgeable sales and technical support teams
- **Distribution That Makes a Difference** – support from exceptional partners that know construction equipment and are quick to respond
- **Warranty** – industry leading coverage
- **Far Reaching Field Support** – Donaldson Representatives are nearby and ready to assist

Complete Coverage from End to End

Filtration Products for Construction Applications

Fuel Filtration

Donaldson filters help prevent injector damage by delivering clean fuel to your engine. They're a better way to filter fuel.

Fuel filters protect engine components and help extend equipment life.

Donaldson
BLUE™

Donaldson Blue™ Cummins® QSK secondary fuel filter with Synteq XP™ media technology offers superior contaminant removal and retention – 4X cleaner than the best competitive filter.

Cummins® is a registered trademark of Cummins Inc. Racor® is a registered trademark of Parker Hannifin Corporation.

Replacement filters for Racor® fuel systems

Choose the filter system that you prefer – Twist&Drain™ or OEM style filters.

Replacement filters for Stanadyne® Fuel Manager® FM 100 fuel systems

Universal interface allows one part to fit multiple applications.

Lube Filtration

Donaldson lube filters keep oil clean by capturing contaminants that can cause engine damage.

Donaldson
BLUE™

Lube filters capture metals, soot and contaminants to maintain higher cleanliness standards.

Coolant Filtration

Donaldson coolant filters remove contaminants and maintain cooling system balance.

Coolant filters help keep hot-running engines cool and reduce downtime.

Donaldson
BLUE™

Air Filtration

Today's high performance engines and tougher emissions standards demand higher-performing air intake systems.

Air cleaners and pre-cleaners

The company that invented air cleaners for heavy-duty engines offers the broadest range of air cleaners and pre-cleaners available for construction equipment.

Donaldson
BLUE™

PowerCore.

Replacement filters deliver better protection with Donaldson Blue® filters or PowerCore® filtration technology.

Replacement filters for Fleetguard® OptiAir™ Air Cleaners use high-efficiency media, vibration-resistant RadialSeal™ design and rigid structural support to deliver complete engine protection.

Fleetguard® and OptiAir™ are registered trademarks of Cummins, Inc.

Replacement filters for Mann+Hummel® Europiclon® Air Cleaners use high-efficiency media, vibration-resistant RadialSeal™ design and rigid structural support to deliver superior performance and proven protection.

Mann+Hummel® and Europiclon® are registered trademarks of Mann+Hummel®

Filtration Products for Construction Applications

Hydraulic Filtration

Performance under **any** pressure.

Low, medium and high pressure housings and filters, including Donaldson Duramax® to protect machinery and hydraulic components in hundreds of heavy-duty equipment applications.

T.R.A.P.™ Breathers collect and expel moisture from hydraulic and lube reservoirs – they also prevent particulate from entering.

Clean Diesel Filter Kits

Easy to install on any fuel dispenser. Ready to filter out the finest contaminants before they enter your equipment's fuel system.

Basic Kit includes single head, high efficiency diesel filter and pressure gauge.

High Capacity Kit includes dual head, high efficiency diesel filters (2), pressure gauge and flange adaptors.

Clean & Dry Kit includes single head (2), high efficiency diesel filter, water absorbing filter, pressure gauge (2) and T.R.A.P. breather.

Donaldson BLUE™

With pioneering technology – **Synteq™** and **Synteq XP™** media for liquid filters and **Ultra-Web®** media for air filters – **Donaldson Blue** filters trap higher volumes of fine contaminant while protecting engines and equipment, extending service intervals and reducing downtime.

Donaldson Blue Fuel filters with Synteq XP™ nanofiber media deliver the cleanest fuel – providing better protection for your injectors. Tests have proven that they deliver fuel that is four times cleaner than competitors' best filters.

Donaldson Blue Lube filters with Synteq™ media deliver extended service intervals, improved lubricant flow, improved cold start performance and a higher level of protection to prolong engine and equipment life.

Donaldson Blue Coolant filters allow you to extend filter life while maintaining coolant condition. Options with additive replenishment technology allow you to extend your maintenance intervals up to once a year or 150,000 miles.

Donaldson Blue™ air filters with Ultra-Web® nanofiber technology protect engines by providing better initial and overall efficiency compared to conventional cellulose media.

Mufflers and Exhaust Accessories

A complete line of mufflers, clamps and exhaust accessories.

Mufflers for medium- and heavy-duty diesel powered equipment.

Clamps and accessories reduce exhaust leaks and noise.

Donaldson Blue Hydraulic Filters deliver better system protection than the competitors' best filters with superior efficiency, longer filter life and reduced flow restriction.

* - Designed with expanding, water-absorbing media that prevents water from entering storage or equipment tanks.

Finding your Donaldson filter online has never been easier.

DISCOVER.

Looking for a complete filtration system or advice on choosing the right filter option? Go online to **donaldson.com** to learn about the broad range of filtration solutions offered by Donaldson – and to help you decide which option is right for your application.

DECIDE.

If you're an equipment owner that needs to purchase filters and parts – it's easy to find the right Donaldson part, make an online shopping list and even request a quote from one of our distributors. We make finding filters *easier than easy* at **shop.donaldson.com**.
